Re: Report to Erie to Pittsburgh Trail Alliance

Debra Frawley – At-Large Board Member

Council on Greenways & Trails

The Council on Greenways & Trails (CGT) has changed direction for 2016 and beyond. The Board is now meeting quarterly, still working together to further the trails and conservation projects in the three-county area of Venango, Clarion and eastern Crawford Counties.

They no longer employ a Greenways Coordinator. My position there ended in November 2015, although communication is still active. Officers remain the same at this time. They now have a new address: P.O. Box 32 Oil City, PA 16301.

Pennsylvania Environmental Council

I am now contracted with the Pennsylvania Environmental Council (PEC) to work on projects throughout northwest Pennsylvania. The scope of work includes assisting to implement the goals of the Industrial Heartlands Trails Coalition, in particular assisting the Erie to Pittsburgh Trail and Erie to Cleveland Trail corridors. Also, I will be providing as needed assistance to planners working with GoToTrails. This includes providing feedback to PEC and Environmental Planning and Design (EPD) to increase the functionality of the site. There will be other projects throughout the region.
